

Don't Miss Out on the

Campus Launch & Learn

Join Us on Wednesday, April 2nd 2025

Starting at 11:00 AM until 1:00 PM

Who Should Attend?

Instructors & Staff

Broaden your knowledge on hydroponics and connect with colleagues.

STEM Majors

Dive into the science and engineering behind hydroponics.

Business Students

Explore entrepreneurial opportunities in sustainability.

Art & Design Enthusiasts

Discover how technology and aesthetics blend in innovative systems.

Social Sciences & Humanities

Discuss the societal impacts of sustainable agriculture.

Why Visit the iALabs?

Step into the future of innovation and discovery at the Indoor Agriculture (IA) Labs, powered by TCNJ and Geogreens. Whether you're studying engineering, art, business, or biology, this is your opportunity to explore groundbreaking technology and creativity in action. **No matter your discipline, there's something here for YOU!**

Join Us on Wednesday, April 2nd 2025

Be part of the
campus-wide movement
toward innovation,
creativity, and sustainability.

This is the place to be.
